

## Practice Groups – Trucking and Commercial Transportation

---

Reminger's Transportation Defense Practice Group is the firm's original practice area. Initially, our founder, Dick Reminger, exclusively defended truck companies and their insurers. In the nearly 50 years since, the transportation practice has grown to become a nationally recognized leader in the defense of commercial transportation risks from the routine to the catastrophic. The Transportation Group is composed of lawyers in our offices throughout Ohio. Our department leaders have extensive trial experience in the specialized area of transportation losses. Our team of lawyers remain on 24-hour call for 'on-scene' assignments.

Our attorneys are active members of transportation industry organizations such as TIDA, the Transportation Lawyers Association, the ATA, DRI's Trucking Section and the ABA Transportation Committee. Our lawyers are frequent presenters at client and peer seminars. Our goal is to provide organized, thoughtful and aggressive representation. Once a course of action is agreed upon, we proactively go about resolving the matter in the least amount of time and at the least amount of expense.
