

Diversity & Inclusion

Reminger Co., LPA understands the importance of diversity, and is committed to promoting and maintaining a diverse and inclusive work environment. We firmly believe that having a diverse work force enhances not only our ability to anticipate and meet the needs of our clients, but also our profession and our community.

In our efforts to fulfill our commitment to diversity, we have established a committee dedicated to implementing initiatives to recruit attorneys from all backgrounds. Our commitment does not stop at the hiring process; we are committed to helping all of our attorneys succeed as professionals.

We invest a lot of time and resources into working with, participating in, and sponsoring organizations and events that share our mindset and mission.
