

Transparency in Coverage

Pursuant to the Transparency in Coverage Rule issued in 2020 by the U.S. Department of Health and Human Services, U.S. Department of Labor and U.S. Department of Treasury, we are providing the following links which reflects price and cost sharing information to participants, beneficiaries, and enrollees for a health coverage plan. This will contain the following details:

In-Network: Negotiated rates for all covered items and services between the plan or issuer and in-network providers.

Out-of-Network: Allowed amounts paid to, and billed charges from, out-of-network providers for all covered services within a 90-day period.

These links are made available and are formatted to allow participants, researchers, regulators, and application developers to easily access and analyze the required data.
